ABOUT SUFFOLK OPEN STUDIOS

After what has been a momentous year, I am delighted to announce it is that time of year again when the studio doors swing open across Suffolk, artworks are hung for all to see and the art materials are strewn across the work benches. We have so many exciting, imaginative, and colourful artists and galleries eager to welcome you to their private studios and spaces in the month of June.

Our open studio month allows our wonderful art community to showcase their talents and display a variety of artworks for their visitors. It is a chance for you to see the excitement of a working studio, meet the artist or gallery owner and even escape into a world of fabulous art. We are thrilled to have an array of artists who specialise in ceramics, painting, glass, jewellery, woodwork, abstract, mixed media and much much more!

Studios will be open each weekend in June, and with Suffolk being a vast county we have developed an App this year to help you discover our creatives. So get out there this June and plan your visit - use our App or this guide to see who is open and which journey you may take. Whatever way you plan your visit, we would love to see you at our studios this June.

***“Art enables us to find ourselves and
lose ourselves at the same time”***

- Thomas Merton

I wish each and every one of you a wonderful June exploring studios, discovering new artworks, enjoying some Suffolk sunshine and of course, I hope you lose yourself in the art.

SUFFOLK OPEN STUDIOS APP

We are excited to announce that this year we have an App to help you navigate the open studios artists and galleries. You can download the App from the Google or Apple stores – just search for Suffolk Open Studios or scan the QR code here.

The App will enable you to view which artists are nearest to your location, artists by particular media and who is open on which weekends. Not all artists are open every weekend so check the App for details

You can also see which artists would like you to make an appointment before you visit. If the artist has “Please Make an Appointment” in their description then you can navigate to their profile on the SOS website to find out details or else use the email or phone numbers shown on the App to arrange an appointment with them.

The App also includes details of artists who are not opening in June but may be open by appointment at other times of the year or who may offer tuition. If you like the look of what an artist offers, then you can also visit their website straight from the App.

Open Weekends 2021:

5th/6th June | 12th/13th June | 19th/20th June | 26th/27th June

As well as using the App, you can view all of the details of the artists who form a part of Suffolk Open Studios, on the website at

www.SuffolkOpenStudios.org

As part of the aims for Suffolk Open Studios, we look to develop working partnerships across art communities, to explore and support education, training and complimentary activities. With this in mind, we are delighted that we are continuing our partnership with Suffolk Artlink.

Suffolk Artlink are a participatory arts charity developing and delivering inclusive arts programmes in communities, bringing change to people's lives. As artists we know the valuable role art plays in our lives so it seemed fitting to try and help Suffolk Artlink as we celebrate our own art this summer.
