Words from the Committee

Every June Suffolk Open Studios' members participate in our annual event and with so many artists, makers and galleries taking part, 2024 will see them open their studio doors to welcome you to see where all that creativity takes place.

Our Open Studios event is free to visit. Just check this brochure or our App for each artist's opening dates and if you visit between 11am and 5pm, look forward to discovering talented artworks whilst enjoying a warm welcome from our members. Directions to studios and contact details are all shown here and artists' studios use our colourful posters for signing and locations on the day. All manner of artists are joining in this year – printmakers, ceramicists, sculptors, and artists who work in wood, glass, textiles, and metal and various other mediums.

Our members are busy year-round creating wonderful art and so throughout this year we are organising group exhibitions across the county starting with our Spring Exhibition in The Pond Gallery at Snape Maltings in April, giving our visitors a taste of each artist's specialisms and the opportunity to own a piece of original art. Please see the exhibition dates and opening times near the back of this brochure.

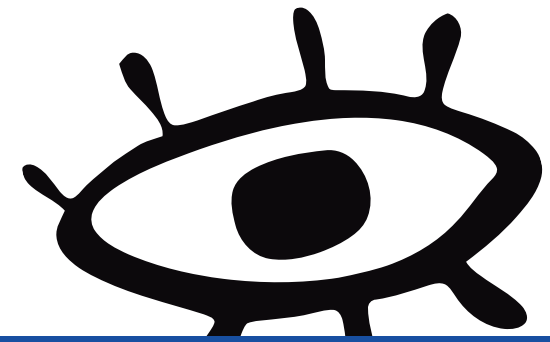

Suffolk Open Studios is run by a committee of volunteers who are all artists and have a shared passion in showcasing the innovative and exciting work of our talented Suffolk artists who are lucky enough to live in this beautiful and inspiring county so, please come and explore some great creative spaces where it all begins.

Please download our App and follow us on social media and we look forward to meeting you at our events.

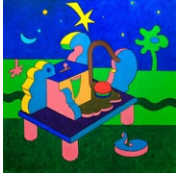

"I found I could say things with colour and shapes that I couldn't say any other way – things I had no words for."
